

1 ROCKER SWITCHES

ESPORT Full Size Rocker Switches

DESCRIPTION

The ergonomically-designed **ESPORT** Series comes with a large independent LED-illuminated indicator window which clearly identifies the switch's labeled function — your label or ours. The switch can be ordered with an LED illuminated actuator, as well. All **ESPORT** switches are molded in a clean matte finish and operate with a definite tactile feel. Actuation of the switch feels crisp. Also, **ESPORT** switches will accept loads up to 15A. Due to the LED's long life, lamp replacement should not be necessary.

Tested in America's toughest truck applications, the **ESPORT** switch is reliable, durable and is available with a full range of rugged one-and two-pole circuits. It has an optional polarized lock-on connector. Spade switch terminals are tin-plated for long storage life.

SPECIFICATIONS

Ratings:

15A @ 125V ac.
 10A @ 250V ac.
 3/4 Hp @ 250V ac.
 CUR marked.
 Recommended up to
 15A @ 28V dc.

Circuits:

1PST, 1PDT, 2PST, and 2PDT.
 Maintained and momentary action.

Contact Mechanism:

Slow-make/Slow-break contact mechanism.
 Butt action contact mechanism designed specifically for use on ac and low voltage dc applications.

Contact Material:

Movable — Silver plated copper with silver contact face button.
 Stationary — Copper with silver contact face button.

HOW TO ORDER — ESPORT

To determine your **Complete Catalog Number**, you must start with the appropriate **Base Circuit Number** and add the appropriate **Code Letters and/or Numbers** as in the example below:

Start with this Base Circuit Number	...add each appropriate Code Number or Letter...						...to get to your Complete Catalog Number
Base Circuit Catalog Number	Rocker Style	Indicator LED Color	Rocker LED Color	LED Voltage	Rocker Color	Lens Color	Complete Catalog Number
8065K10	B	Y	R	1	B	1	8065K10BYR1B1

① White lenses are furnished unassembled.

Terminal Type:

Switch — Standard 6.35mm (.250") spade, tintillate plated brass.

Integral Indicator — 2.79 x .813mm (.110 x .032") spade, tintillate plated brass.

Base Material:

Thermoset molding material.

Rocker Material:

Thermoplastic rocker actuators. Different colors are available. The rocker and the bezel are a high grade nylon and are supplied with an aesthetically pleasing matte finish.

Lamps:

Durable, long-life LED illumination; 14V dc is standard. Integral indicator is illuminated by two independent green, yellow or red LEDs while the actuator is lighted using one dependent LED. For additional LED voltages and /or colors, contact your Eaton Sales Representative.

Rocker Type:

Non-illuminated — Rocker or paddle.

Illuminated — Rocker.

Dielectric:

1,000V RMS, minimum.

Mounting Means:

Snap-in mounting with plastic bezel.

Mechanical Life:

Momentary — 25,000.

Maintained — 100,000.

Lenses:

All switches can be ordered with either a frosted clear lens (Cat. No. 28-5555) or a translucent white lens (Cat. No. 28-5555-2). The clear lens will allow the maximum amount of diffused light to flow through your label or one of ours. The white lens is shipped unassembled to facilitate the addition of your engraved or pad-printed legend.

Labels:

The lens area of the integral indicator will accept a label 19.05 x 11.43 x .25 mm (.750 x .450 and .010") thick. Our selection of standard labels with white legends on black polycarbonate background can be found on [page 1.37](#).

Options:

- Additional colors of rockers and mounting bezels are available.
- Special circuits.
- Special ratings.
- Dry circuit capabilities.
- Pad-printed legends on lens, rocker and bezel.
- Special indicator legend labels.
- Special LEDs and LED voltages.
- Special actuators.
- Reversing jumpers.
- Solder terminals and other terminal types.
- Wire leads.
- Polarized lock-on connector: [28-5558](#). See [page 4.26](#).
- Full size Euro-look panel plugs: [17-19544-2](#). See [page 4.27](#).

For information on optical features, contact your Eaton Sales Representative.

Approvals:

Underwriter recognized and recognize component for Canada (CUR marked): file 2702.

LEGEND/ICON SELECTION TABLE

- All labels below come with adhesive backing.
- Label legends are distinct and easily readable when illuminated from behind.
- Additional labels are available upon request. Contact your Eaton Sales Representative.
